

**FOR FREE AND IMMEDIATE RELEASE****NEW SAINT-GOBAIN WEBER LEVELLING COMPOUND MAKES SUPER-FAST WORK OF SMOOTHING FLOORS**

**Saint-Gobain Weber**, the specialist formulator and manufacturer of innovative products for the construction industry, has launched the rapid-setting **weber.floor rapid** levelling compound for domestic and commercial applications where speed and performance is of the essence.

New **weber.floor rapid**, a cement-based, self-smoothing and self-levelling floor screed has outstanding rapid-setting qualities and is ready for light foot traffic in just 45 – 60 minutes while its fibre-modified formula increases strength and resilience. It is ideally suited for correcting irregularities on difficult surfaces including wood; concrete slabs and pre-cast elements; existing ceramic and rigid plastic tiles, as well as floating floors and floors with under-floor heating in interior applications. Priming with **weber PR360** is required before application of **weber.floor rapid** to aid flow, maximise bond strength and reduce pin holes. In humid situations such as kitchens, bathrooms, spas and indoor pool areas, **weber.sys protect** tanking system may be applied over **weber.floor rapid**.

"This intelligent renovation screed has excellent levelling properties and bond," says Tracey Dempster, marketing manager, **Saint-Gobain Weber**, "and its rapid-setting performance will contribute significantly to fast application and on-site efficiencies whilst achieving superior performance."

For technical advice **Saint-Gobain Weber's** experienced advisors can provide on-site guidance at the specification stage and during application. Site visits, product demonstrations and problem solving advice is also available.

For more information about this product, or for technical support, please contact **Saint-Gobain Weber** on 08703 330 070, or visit [www.loveweber.co.uk](http://www.loveweber.co.uk). Customers in Ireland should call 028 9335 2999.

A free download of the 'Redeem on the go' App for iPhone and iPad users is available from iTunes and from Google Play for Android smartphones and tablet users. Follow **Love Weber** on Twitter @loveweber for the latest news and updates.
